Bill Paullo

Bill has a lot of experience turning Pepper Mills. He is willing to take an intermediate KCWT member through the process of turning a Pepper Mill. The member would be responsible for providing their own Pepper Mill kit and wood, but Bill would have all of the drill bits, chucks and items needed to complete the Pepper Mill. This mentoring would occur at the KCWT shop. If interested, please contact: Bill Paulo at (918) 314-2776 or email to rpaullo@aol.com

If you would be interested in adding your name to this list, please contact a KCWT board member for information. New turning skills will be added to the matrix as needed. Help a member sharpen their skills by passing on yours!
