

WOODCHIPS 2023

Volume 29 Number 9

3189 Mercier St, Kansas City, MO 64111

Growing

The Club added 1 new Members this past month.

Matthew Wagoner

Let's make him feel welcome!

DEMONSTRATION

Have you ever thought about demonstrating a technique or a how to make a cool project? The club is always looking for volunteers to Demo their stuff. Contact Mike Thomas at vp@kcwoodturners.org

- Member participation
- Shop Openers are needed or we may have to adjust open Shop hours
- Needing Tubs and Totes for storage and relocation of club items. These can be dropped off in the shop.

Safety Minute

This month Phil took us back to grade school to teach us the ABC's and

A = Anchor B= Bevel C= Cut, Bonus D = Dance

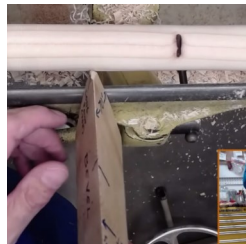

When spindle turning it is important to remember the ABC and now D of turning. Anchor the tool to the tool rest, Ride the Bevel, Make the cut. But remember to Dance. This is a reminder to move the body not just your arms. This will help keep you from angling your tool producing errant cuts and creating catches.

Phil also reminds us to Tighten the tail stocks and to make sure the tool rest is at the proper height for the type of tool and cut being made.

From the Meeting

Demo

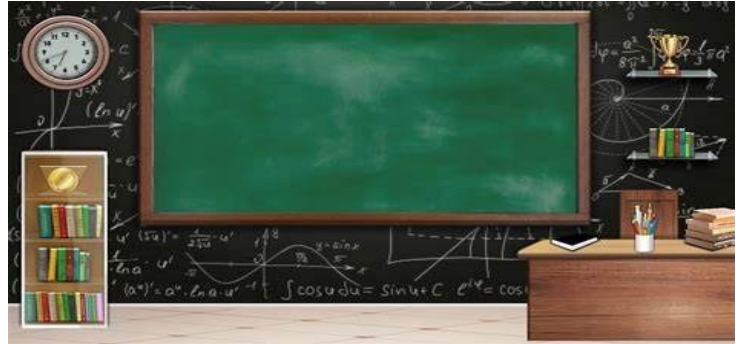

This Month's Demo was an IRD called "The Sensational Skew"
by Jim Echter

I failed to get any pictures of the Challenge Table or the Show and Tell.

I will do better moving forward.
